Simple Summer Slaw

Ingredients
Salad
1 small head cabbage, shredded/sliced
¼ cup(ish) parsley or cilantro
2 medium carrots (I didn't have carrot, so I used a large tomato)
1/4 cup sunflower seeds (or favorite chopped nut)

Dressing
¼ cup apple cider vinegar
¼ cup olive oil
1 clove garlic, minced (or 1 teaspoon jarred garlic)
1 teaspoon honey
1/4 teaspoon salt

Directions
1. Chop salad ingredients and place in a medium bowl
2. In a lidded glass jar, add all dressing ingredients, secure lid tightly and shake well.
3. Pour dressing over the salad and use tongs to toss.
4. Salad will stay good for a few days. I think flavors get better with time!
